Description:

A new project located in the immediate vicinity of FaÅ¾ana, in a good location near the sea. The apartments in this modern complex are designed and come with an associated parking space for each apartment. The planned completion date is spring 2025. The building consists of 4 floors: ground floor, 1st floor, 2nd floor and gallery or attic. All apartments are one-story and will have a terrace, balcony or loggia, except for the galleries. This property will be built to a high standard with a modern design that allows for a comfortable family life, but also impresses holidaymakers. The apartments will be equipped with high-quality ceramic tiles and laminate, and the terraces will be equipped with anti-slip ceramic tiles. The equipment includes inverter air conditioners, external PVC carpentry with electric blinds, intercom, sockets and switches, satellite and terrestrial antenna, toilets, boiler, walk-in shower and security doors. The facade will be made of demit material with 10 centimeters of mineral wool with an acrylate finish. The apartment comes with 1 parking space, although it is also possible to purchase additional parking spaces. The project is planned for energy class A, so it is high-quality housing near the sea in an attractive area.
