Description:

Agricultural land with building permission surface area: 37.000 sqm, , 3 plot sides are boundary with public road. For the above-mentioned plot a multi-purpose building permit has been approved and construction has started. The permit has been issued for residential and agro-commercial buildings for the following purposes: residential, tourist and agricultural production. Main residential/tourist villa: 2 floors, total gross area 1000 m2, which consists of 10 apartments with separate entries, restaurant and outdoor swimming pool 12x8m. Agro-commercial building: 1 floor, total gross area of 242 m2, which is intended for agricultural machinery and/or barns for animals (stable for horses, deer, etc..) The land plot is big enough to involve various recreational possibilities such as tennis courts and/or different types of agriculture â€“ e.g. olive groves or vineyard, because of the very fertile soil. It can also be used by companies for team-building, as the area is extremely private and can offer in the future all kinds of amenities. The neighborhood is a quiet area, surrounded by woods, separated from near villages and is in vicinity of a hunting area.
